### About Us

The Training Education Center (TEC West) is pleased to present its Surgical training program to you. Our courses with focus on General Surgery and Urology, Reprocessing of Endoscopes in Urology, Endocapsule (Medical Training) and NBI (Medical Training) offer physicians and medical personnel lively, reality-based lectures. Peer-to-peer training for up to 12 participants ensures intensive exercises with phantoms and biomodels and allows for hands-on with state-of-the-art equipment in 3D and 4k technology.

Our program contains training courses on various Surgical methods in line with DGAV guidelines. Additionally, there are live-transmissions from OR of AGAPLESION Diakonie Klinikum possible.

We hope you will find something of interest and look forward to welcoming you to the TEC West soon.
